

Renewed Outlook

Superflux Textural Reconnect

Renewed Outlook

Looking for a new perspective? The Renewed Outlook collection refreshes and invigorates spaces with updated biophilic textures. Inspired by forms and structures from nature, this carpet tile collection features two small-scale styles. Superflux is a soft, organic pattern, and Textural Reconnect is loose linework. Both styles are based on nature's ability to ground us and revive our senses. Renewed Outlook is easy to use in a variety of spaces, as these patterns and textures provide innate support for our sense of wellbeing.

The Renewed Outlook collection is available in a range of warm and cool neutrals to revive any interior. The collection has achieved Living Product certification and is offered on low-embodied carbon backings. Plus, it is available on Mohawk's Quickship program, so you can enjoy a Renewed Outlook on your own schedule.

Beyond Carbon Neutral

2022

All products carbon neutral

PLUS an additional 5% for a net-positive impact on the climate

2040

Net zero carbon emissions

We've signed The Climate Pledge to be net zero in emissions by 2040 and have already started major changes to reduce our carbon footprint.

Neutral is not enough.

With our holistic improvement of the life cycle of our flooring products— from full product transparency, to reduced water usage in manufacturing, to carbon neutrality and beyond—better is just the beginning.

THE
CLIMATE
PLEDGE

Better for our world means doing more to stop and reverse climate change.

Personal Studio

FLOORING PERSONALIZED BY YOU

Introducing Personal Studio (p.s.), our innovative design personalization tool that allows you to put your own flair to our running line products, so you can make designs as unique as your project.

p.s. was developed to provide you with a tool that will allow you to streamline your efforts and respond quickly.

Visualize In A Room

You can personalize the color in any Renewed Outlook pattern, visualize it in a room scene, and order digital, print or physical samples easily.

Discover hundreds of additional patterns that you can personalize with your favorite Restorative Insights colorways to coordinate across your project.

Photorealistic Simulations

Personal Studio uses photorealistic simulations of the cut and loop textures of our PDI Synthesis bases and our CYP, Definity and tufted constructions so your designs are very close to the final product.

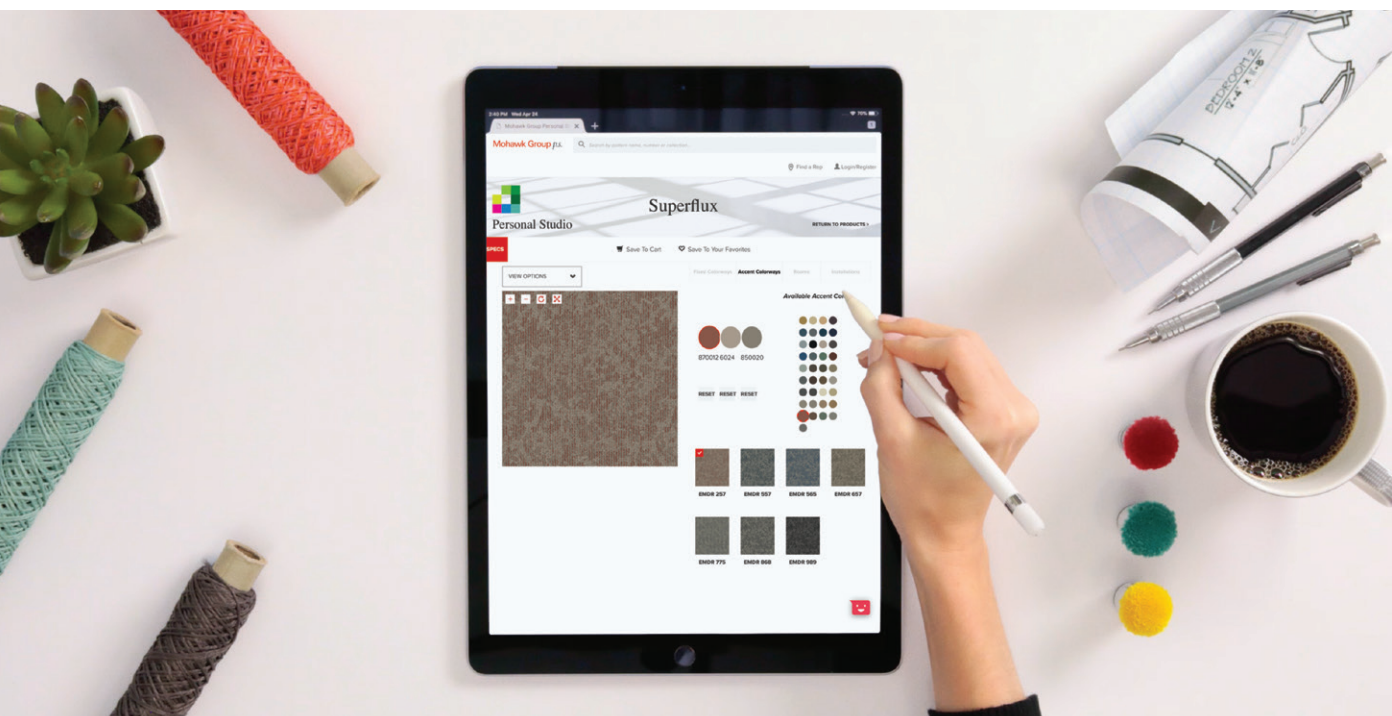

Find The Perfect Color

You can quickly iterate through multiple colorways and patterns to find the perfect fit for your project.

Multiple Projects

Save your favorite personalized products per project, and easily switch between them in an easy interface.

Installation Instructions:

Mohawk Group warrants its adhesives for the life of the original installation only when a Mohawk Group style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Group adhesives or to follow Mohawk's floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling.

Mohawk Group is providing this architect folder for the purpose of promoting our commercial business. This folder and its samples shall remain the property of Mohawk Group. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations.
