

Nutopia 2.0

Urban Field II · Urban Fringe II · Urban Passage II · Urban Canvas

Mohawk Group's ongoing quest for sustainable innovation delivers Nutopia 2.0, an expansion of the award-winning Living Product carpet plank system inspired by the urban fabric of our lives. As we consider how humankind coexists with buildings, streets and other infrastructure, we must also consider how we as humans coexist with nature. Mohawk Group's Pattern Perfect precision tufting platform brings to life three new styles that double down on a commitment to responsible manufacturing practices. At the intersection of design and sustainability, Nutopia 2.0 embodies Mohawk Group's commitment to dematerialization and a more restorative, carbon neutral future. Mohawk Group collaborated with Gensler, serving as product design consultant, for the Nutopia 2.0 collection.

Urban Field II 989 Pavement, Urban Fringe II 945 Skyway, Urban Passage II 945 Skyway (Random Installation)

Today, the built environment generates nearly 40% of annual greenhouse gas emissions and 50% of the world's energy usage. As Mohawk Group continues its journey to Believe in Better, we have an urgent responsibility to lead our industry in meeting and exceeding net zero carbon standards.

Guided by the principles of the Living Product Challenge, our designers and engineers seek to develop products that are:

- Healthy and free of toxins
- Socially responsible and respectful of workers' rights
- Net positive to benefit both people and the environment

Living Product Challenge

Produced at our Living Site, Nutopia 2.0 is Net Positive for both carbon and water, and achieves Living Product Certification from the International Living Future Institute by complying with multiple imperatives of all seven petals listed below.

Three Tile System

Nutopia 2.0 is designed to transition across the floor or create defined areas in the built environment. Urban Fringe II, Urban Passage II, and Urban Field II's progressive color composition works together as a dynamic system or separately, depending on the desired configuration, end-use and budget. Due to its unique construction and texture, Urban Canvas installs separately, ideally suited for large, open spaces.

Features & Benefits

Nutopia 2.0 offers a sustainable and worry-free system of performance, utilizing Mohawk Group's industry-leading Duracolor Tricolor fiber, award-winning Heathered Hues yarn, and high-performance EcoFlex™ NXT carpet tile backing.

Nutopia 2.0 is also designed to work with projects seeking these green building Certifications.

Duracolor Tricolor

Delivering unsurpassed stain resistance, colorfastness, durability, color clarity and enhanced soil performance, Duracolor Tricolor builds upon the trusted Duracolor promise with over 100 million yards installed since 1992.

- Permanent built-in stain resistance

- Optimizes soil hiding, soil removal and color clarity

- Resists crushing for enhanced durability and longer lifecycles

Heathered Hues

This highly sustainable, solution-dyed fiber creates a stylized textured and blended yarn in a desirable palette of warm and cool neutrals with vibrant color accents. It's variegated wool-like appearance adds warmth and sophistication to any interior.

- Zero water is used to manufacture this yarn

- Proprietary extrusion reduces energy needed

- Dematerialized yarn for lower environmental impact

EcoFlex™ NXT

EcoFlex™ NXT is a red list free polyolefin carpet tile backing that is up to 40% lighter than similar competitive products. Less expensive to ship and easy installation with no moisture testing required in most cases.*

- Net Positive impact for both Carbon and Water

- 35% pre-consumer recycled content based on total product weight**

- Installs in high moisture conditions up to 99%RH with FlexLok Tab System

* Refer to Mohawk Group installation documents at MohawkGroup.com for more information.

** Recycled content claim third party verified by UL (Underwriters Laboratory)

Specifications

Nutopia Collection 2.0

Urban Passage II (GT444), Urban Fringe II (GT445), Urban Field II (GT446), Urban Canvas (GT412) Carpet Plank

DESIGN

Size	12" x 36" (.3048m x .9144m)
Surface Appearance	Textured Patterned Loop
Fiber Type	Duracolor Premium Nylon®
Dye Method	Solution Dyed
Installation Methods	
Urban Passage II	6" Lap, Half-Lap, Brick Ashlar, Basket Weave, Plank Half-Lap, Herringbone
Urban Fringe II	6" Lap, Half-Lap, Brick Ashlar, Basket Weave, Plank Half-Lap, Herringbone
Urban Field II	6" Lap, Half-Lap, Brick Ashlar, Basket Weave, Plank Half-Lap, Herringbone
Urban Canvas	Half-Lap, Brick Ashlar, Basket Weave, Plank Half-Lap, Herringbone
Colors Available	
Urban Passage II & Fringe II	11
Urban Field II & Urban Canvas	2

PERFORMANCE

Construction	Tufted
Gauge	1/12" (47.00 rows per 10cm)
Stain Release Technology	Permanent, Built into the Fiber
GSA Stain Release Rating	Passes
Soil Release Technology	EcoSentry Soil Protection
Backing Material	EcoFlex™ NXT
Flammability	ASTM E 648 - Class 1 (Glue Down)
Smoke Density	ASTM E 662 - Less than 450
Static Propensity	AATCC - 134 Under 3.5 KV

SUSTAINABILITY

Certification	Living Product Challenge Petal Certified; Declare Red List Free
Indoor Air Quality	Green Label Plus Certified #1171
NSF 140	Gold
Carbon	Net Positive Carbon
Water	Net Positive Water

SERVICE

Warranties	Lifetime Limited Carpet Tile Warranty, Lifetime Limited Duracolor Stain Warranty, Lifetime Static

Installation Instructions:

*Recommended installation per collaborator 6" lap

Mohawk Group warrants its adhesives for the life of the original installation only when a Mohawk Group style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Group adhesives or to follow Mohawk's floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling.

Mohawk Group is providing this architect folder for the purpose of promoting our commercial business. This folder and its samples shall remain the property of Mohawk Group. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations.
