

Large & Local

Large & Local Wood

Large & Local Wood is an innovative LVT featuring eight clean wood visuals with minimal graining and eight rustic visuals with coarse graining and circle sawn texture. With a natural color range and matte surface reminiscent of European hand-oiled finishes, these versatile tiles are well-suited for any interior, from modern to traditional.

The large planks are extra-wide and long, 9.25” x 59”, and each color is named after a local mountain gap or destination located close to our North Georgia resilient production facility.

Textural Effects

COORDINATING PLANK & BROADLOOM

Textural Effects aims to activate our senses and brings a sense of tactility to our day. The desire for soft groundcover visuals such as linen textiles and organic patterns are met with tactility and comfort to sustain us in all types of spaces. All Textural Effects styles provide visual and tactile contrast when used with other finishes that have a smooth surface or high gloss, and they look especially warm and rich with wood hard surfaces.
