

 **RENEGADE**  
COLLECTION

 Mohawk Group

You kept every curfew. You never skipped class. Your dentist loves that you floss. **It's time to get acquainted with a little adventure.** Now, with Renegade, you can break the design paradigm. Lay down your carpet in any pattern you like—or in no pattern at all. Go ahead, we won't tell. You don't have to be the one to stay inside the lines. Twist and turn every tile as you wish. So yeah, keep wearing your seatbelt. **With Renegade, dare to be wild.**

→ **FREEDOM TO CREATE.**

*Get wild.* You can install your carpet tiles in whatever style works for you. Integrated color lines mean the patterns you choose will look great together.

→ **FREEDOM TO SAY YES.**

*Get excited.* With select styles priced and stocked for Quick Ship, you can order up to 2000 square yards and have it delivered in 10 business days or less.

DARE  
TO BE  
WILD

## INSURGENT & MUTINEER

Daring to be wild never gets old. We're excited to bring you Renegade styles Insurgent and Mutineer, our latest addition for non-directional carpet tiles. Each style includes three distinct tile patterns that work together to create a truly unique floor.

### TILE ASSORTMENT

- Subtle pattern
- Continued background pattern and muted accent stripes
- Background pattern with bold, wide stripes in contrasting colors

Insurgent

Mutineer

Each order of Insurgent or Mutineer will have about one third of each tile group. We aren't able to guarantee the exact distribution of patterns, but the slight variations will play up the look of your floor. If the installation requires a more precise pattern distribution, we suggest opening multiple boxes to combine the tile groups as you like.

# EcoFlex™ ICT

Modular backing

EcoFlex™ ICT is a premium vinyl modular backing system containing a minimum of 35% recycled content. With over 15 years in the marketplace, its ultra dense construction is engineered to offer superior performance while giving greater cushioning properties.

## PERFORMANCE

- Unsurpassed dimensional stability – no growing or shrinking
- Constructed with an ultra dense five layer cushion backing system
- Main body of tile provides an effective moisture barrier (not applicable at the seams)
- Tiles are impervious to moisture damage from spills and water extraction cleaning
- Construction features superior tuft bind that is highly resistant to edge ravel
- Proven performance for over 15 years

## BUDGET

- Superior construction offers reliability for the life of your installation

## SUSTAINABILITY

- EcoFlex ICT contains 35% minimum pre consumer recycled content by total weight\*
- Recyclable through Mohawk's ReCover program
- EcoFlex ICT may contribute to or comply with LEED® credits MR 4.0, IEQ 4.3 and Innovation credit for NSF 140
- CRI Green Label Plus certified
- Free of EPA phthalates of concern

## SERVICE

- Certified at the Gold Level in accordance with NSF/ANSI 140 the Sustainability Assessment for Carpet
- NSF/ANSI 140 Platinum level version available with a minimum of 10% post-consumer recycled content
- Engineered performance for an overall better after sales service experience

\* Recycled content claim third party verified by UL (Underwriters Laboratory)

Installation Instructions:

For ColorBeat spec information, visit our website at [www.mohawkgroup.com](http://www.mohawkgroup.com)

Mohawk Industries, Inc. warrants its adhesives for the life of the original installation only when a Mohawk Industries style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Industries adhesives or to follow Mohawk's floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

**These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.**

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling.

Mohawk Group is providing this architect folder for the purpose of promoting our commercial business. This folder and its samples shall remain the property of Mohawk Group. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations.
