### **MOLVENO RIGID ERT**

Enduring beauty and everyday brawn come together in Molveno enhanced resilient tile (ERT), a rigid core collection with realistic natural wood grain and industrial chic concrete aesthetics. Molveno Woods present embossed-in-register wood textures in warm and cool tones across 10 colorways in a 7.75" x 59.75" plank format. Molveno Stones exude a modern, industrial chic concrete aesthetic translated into five colorways in an 11.75" x 35.75" tile. The ERT collection creates stunningly durable click installations with advanced waterproofing technology and superior dimensional stability, and includes an innovative attached pad that delivers exceptional acoustics in high-traffic environments.

The floating commercial grade resilient collection is composed of a rigid polymeric core and an M-Force™ 1 Enhanced Urethane finish. Molveno's 20 mil wear layer and 6mm thickness provide scratch and scuff resistance and superior dimensional stability. The collection is FloorScore® certified and manufactured from 100% recycled virgin vinyl.

Molveno Rigid ERT will be on display at Mohawk Group's showroom (space 3-377) at NeoCon 2018 during regular show hours.

#### **About Mohawk Group**

*As the world's leading producer and distributor of quality commercial flooring, Mohawk Group believes that better floor coverings emerge from better design, innovation, sustainability, project solutions and operational excellence. Mohawk Group addresses the unique challenges and opportunities in contract interiors with a comprehensive carpet and hard surface portfolio of all types and price points. As the commercial division of Mohawk Industries, the company has a heritage of craftsmanship that spans more than 130 years. To learn more about our full line of flooring products, please visit [MohawkGroup.com](http://MohawkGroup.com).*
