

DESIGNING WORRY-FREE SPACES

Flooring Solutions for Education Environments

TRUST the System

At Mohawk Group, we are committed to providing products and services that offer worry-free solutions for your flooring projects from the ground up.

With our Learn & Live collection, you can ease your mind with a full system of enhanced product technologies, from backing to fiber, that can perform in high traffic environments.

WALK-OFF Solutions

Entryway walk-off products are perfect for trapping dirt, soil, and moisture, which helps to minimize cleaning and preserves the beauty of your flooring throughout the space.

GLUE-FREE Alternative

Virtually eliminating harmful VOC's, FlexLok tabs are an odorless, dry installation system that can be used in place of traditional wet-spread adhesives. It is suitable for subfloors with up to 99% RH. FlexLok provides a faster installation and the flexibility of an adhesive-free floating modular floor.

LOCKED IN Performance

Stitchlock is Mohawk Group's innovative manufacturing technology that creates woven-like performance features in a unique tufted construction. This process locks in performance with a minimum 3/4 inch "step-over-stitch" system to interlock each individual tuft into place. Therefore, Stitchlock features a very high tuft-bind to eliminate edge ravel and zippering, extending the life of your carpet. Learn & Live's Mirada Stitchlock broadloom is crafted with Stitchlock technology to ensure unprecedented durability and lasting appearance retention.

STAIN RESISTANCE

Building upon the trusted Duracolor® promise, new Duracolor Tricolor delivers unsurpassed stain resistance, colorfastness, durability, color clarity and enhanced soil performance. Carpet made with Duracolor Tricolor is recyclable, easy to maintain and features inherent stain resistance with water-only stain removal.

DESIGN Flexibility

Expand your brand through design with Mohawk Group's easy-to-order personalized color combinations in the Learn & Live collection. Learn & Live's color personalization program is designed for schools who want to easily incorporate branded color themes into their flooring selections. With a flexible low minimum, you can personalize any space by coordinating styles.

COORDINATING Solutions

Our Learn & Live collection is the ideal soft surface flooring solution for education environments that can be paired seamlessly with our hard surface LVT products like Large & Local, and Metal. From wood grain patterns to hues of color, these styles offer design flexibility and superior performance to create beautiful, productive spaces.

N-GRAIN Technology

What is Ngrain technology? Its a science that marries a special formula with a unique (patent-pending) process technology. Ngrain technology is an overall product treatment technology that allows the coating to penetrate and seal the product.

A+ PRINCIPLES

At Mohawk Group, we believe in supporting the communities where we live, work and play. We also believe in handprints over footprints—seeking not only to offset our environmental impact as a manufacturer, but striving to make a positive social impact as a community partner.

SCHOOL CRASHERS

Mohawk Group partners with Georgia United Credit Union Foundation to "crash" deserving schools all over the state with facility makeovers based on qualifying criteria to enhance their respective curriculum and campus.

SMARTFLOWER

As part of our handprints over footprints initiative, we're donating Smartflower solar energy units to schools with STEM programs and underserved communities across the country.

Building Products Sustainability Certifications

Mohawk Group can support your sustainability goals by providing flooring solutions that meet the following certifications

The image displays a collection of logos for various sustainability certifications. At the top, the text reads 'Building Products Sustainability Certifications' and 'Mohawk Group can support your sustainability goals by providing flooring solutions that meet the following certifications'. Below this, there are seven logos arranged in a grid-like fashion: 'Declare.' with a leaf icon, 'LIVING PRODUCT CHALLENGE' with a butterfly icon, 'Health Product DECLARATION' with a chemical structure icon, 'EPD' with a bar chart icon, 'CRI GREEN LABEL +PLUS' with a house icon, 'GLOBAL GREEN TAG INTERNATIONAL' with a circular icon, 'floor score' with a circular icon, and 'NSF' with a circular icon.

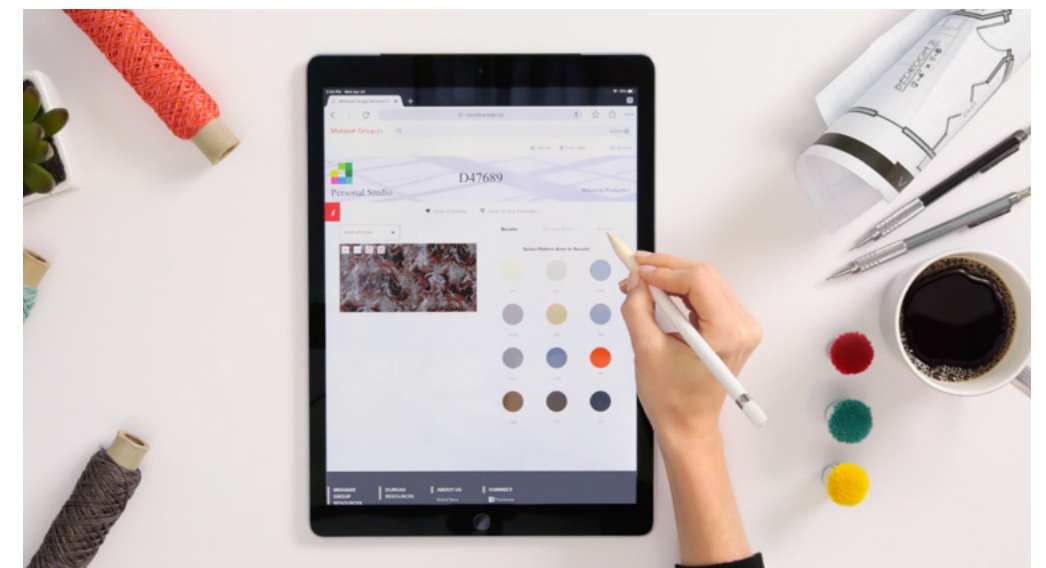

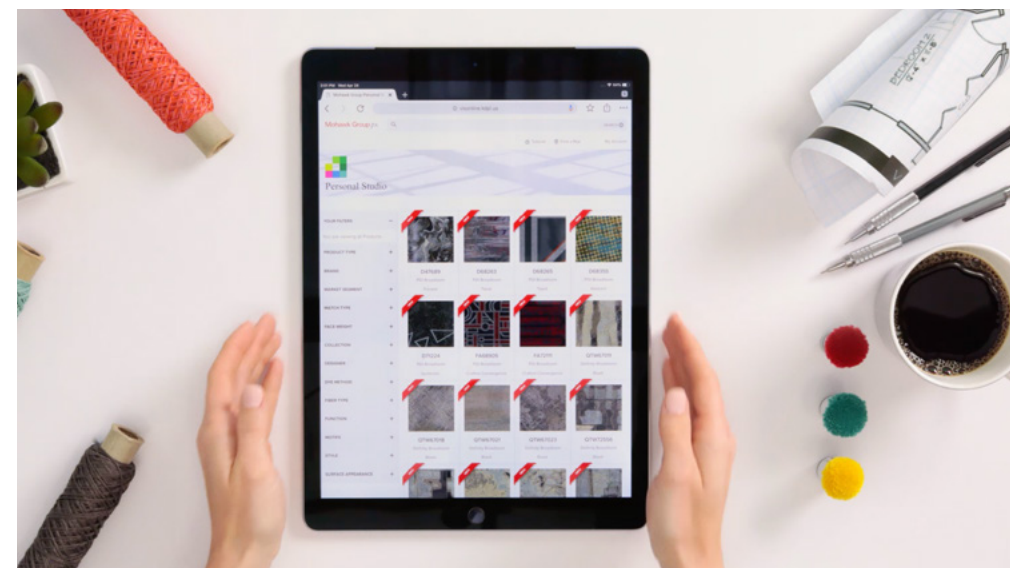

FLOORING

Personalized by You

Introducing Personal Studio (p.s.), our innovative design personalization tool that allows you to put your own flair to our running line products, so you can make designs as unique as your project.

p.s. was developed to provide you with a tool that will allow you to streamline your efforts and respond quickly. The Parchment color family is made of four yarns, combining Parchment solid yarn with three other yarns for more Parchment-related tones.
